

## Home Visit Program

**What we provide:** Eligible children receive FREE home visits that include one to one asthma education and environmental interventions to reduce asthma triggers. Families choose from three levels of services based on their needs (see chart below).

**Who to refer:** Any child age 2-16 years of age with persistent asthma who currently takes a controller medication and who lives in a target zip code:

19121, 19122, 19123, 19130, 19132, 19133, 19134, 19140, 19141, 19144

**If eligibility clarification is needed contact 215-590-5261.**

**How to sign up or refer:** Complete Referral Form and fax to confidential number on form or call 215-590-5261.

### Levels of Intervention

#### **Level 1:**
