

KAPS FOR KIDS

Nurses from The Children's Hospital of Philadelphia are following the dream of the Children's Hospital of Southwest Florida. We are helping children cope with the anxiety of having surgery by presenting them with a handmade, keepsake surgical cap.

DIRECTIONS (pattern on page 2)

- ★ Cut a 20" circle by laying the template on the fold line of fabric.
- ★ Press under $\frac{3}{4}$ " all around the edge; stitch close to the edge to create a pocket for the elastic. Leave a 1" opening at the end.
- ★ Using a blunt thread passer; thread an 18" length of $\frac{1}{8}$ " elastic through the pocket and over lap the ends.
- ★ Stitch lock into place or tie ends together. Stitch the 1" opening closed.
