-  **Public Hallway**
-  **Staff Hallway**
-  **Elevators**
-  **Information**
-  **Public Restrooms**
-  **Entrance & Exit**
-  **Stairs**

HELPFUL HINTS:

- 1. Make sure to take the right elevators** - Some of our elevators only access specific places in the hospital. If you're not sure which one to take, feel free to ask!
- 2. To find the Wood Center & Seashore House** - Take the Main Elevators to **Floor 3** and follow the signs. This will lead you to **Floor 2** of Wood and Seashore. You can then take the Wood Center or Seashore House Elevators to get to the other floors of these buildings.
- 3. Looking for your car?** - Use the Main Elevators to get back to the Main Hospital Garage. If you parked in the Wood Center Garage, please use the Wood Center Elevators.
- 4. We're here to help!** - If you're feeling a little lost, please ask **any** of our staff to lead you to your destination. You can also stop by the Information Desk on Floor 1 of the Main Hospital or the Welcome Center on Floor 2 of the Wood Center. We're always happy to help!
