

Course Information

Targeted Audience

Registered Dietitians, Nurses, Physicians, Allied Health Professionals and Students

Conference Overview

This conference is designed to provide current information on nutrition management of the pediatric population. This one-day symposium will include keynote lectures, case studies, and breakout sessions. Topics of interest include: autism, short bowel syndrome, double diabetes, eosinophilic esophagitis, food allergies, nutrition support in the ICU, bone health, and breast milk manipulations.

General Information

The conference will be held on the first floor of the Leonard and Madlyn Abramson Pediatric Research Building located on the Children's Hospital of Philadelphia main campus. Registration will begin at 8 a.m. Registration fee includes course materials, continental breakfast, refreshments, reception, hospital tour and parking on campus.

Objectives

Upon completion of the conference the learner will be able to:

1. Describe the current evidence-based practices in disease-specific pediatric conditions
2. Apply cutting edge dietary manipulations in a variety of clinical pediatric settings
3. Explore current and controversial dietary interventions through case-based small group discussions

Registration Information

Attendees can register by mail, fax or online. Please see the registration form for the address, fax and web address. Pre-registration is required and the registration deadline is November 9, 2009. Payment must accompany registration form for it to be processed. Once registration has been processed a confirmation letter will be mailed or faxed.

PLEASE NOTE: Registration is not complete if you do not receive this confirmation. If you do not receive a confirmation within 15 days of registration, please contact us at 215-590-5263.
