

PULMONARY HYPOPLASIA PROGRAM

Follow-up Appointment Schedule

Pulmonary Hypoplasia Program (PHP) appointment schedules are based on your child's needs, but typically occur at 6 months of age, 1 year, 2 years, 4 1/2 to 5 years, 6 years and then every two years thereafter. Below is a breakdown of the specialists your child will likely see during each follow-up visit. Appointments in the PHP are designed to allow for visits with multiple specialists in one location. In most cases, any necessary testing can also be completed on the day of your appointment.
